Mayor McGovern:

I live at 8 Howard Street and met you a few weeks ago at the Kendall Square association breakfast. I also had a chance to ask you a question during the Q&A at the alliance for business leadership event just a few days ago. My question there was about Massport, diversity and inclusion.

I would much rather talk about these matters and help you and your colleagues with big ideas - but for the moment I am distracted by the prospect of the City Council getting used by some folks who want to focus the body on foreign affairs and demonizing one company and one country. Of course I am speaking of this effort to sanction HP for alleged associations and issues that range from unclear to just plain unhinged.

I would love to know from you that this resolution is not going to take up city time and is not going to be adopted. Please give me your sense when you have a moment, and let me know how I can help.

Thank you.
